

This message is to urge FCC Chair Michael Powell to delay the vote on media consolidation scheduled for Monday June 2, 2003. A vote held on Monday will show deliberate disregard for the views of Americans including NRA members on the East coast to concerned citizens on the West Coast, not to mention your own Commissioner Adelstein and a bipartisan group of Senators. As a leader in public office, please exercise at least the same amount of accountability to the people of our nation as the amount of power you hold to make decisions that affect all of us. We don't ask you to even vote one way or another. We ask only that you allow time democratic debate about the consequences of media consolidation.
